

The Capella Coursework Alignment is a resource to assist in understanding a states educational requirements for licensure, certification, or endorsement. The alignment will provide an individual states unique coursework requirements in comparison to Capella's program.

Where to Start: We recommend that you begin by locating a copy of your states application and/or coursework sheet from your state board's website and then use this document to assist you in matching Capella's coursework with your states educational requirements.

How to Read the Alignment: The Alignment is broken into 7 different columns:

State required content areas: Outlines the state board's required content areas that need to be met for licensure

State definition of content area: The explanation of the required state content area to be met for licensure

State coursework requirement: The number of courses or credits required to meet the state content area

Capella course number: The course number of the Capella course that we feel meets the state content definition and content area

Capella course title: The course name of the Capella course that we feel meets the state content definition and content area

Capella quarter credit: The number of credits for the Capella course that we feel meets the state content definition and content area

Notes: Additional information about a particular course or requirement.

Important: The information provided in this document is for guidance only and is not intended to be authoritative. State licensing boards determine whether coursework is sufficient to meet state specific educational requirements as part of the application process. No state board has "approved" of the coursework alignment suggested in this document as meeting any state's educational requirements. Capella University cannot guarantee licensure, certification, or endorsement.

If you need further assistance, please contact Enrollment Services if you are considering enrolling in a Capella program or Academic Advising if you are a current Capella Learner.

Wisconsin Educational Requirements

Based on Capella's July 2018 Catalog and Wisconsin Requirements as of 10.2018

STATE CONTENT AREAS	STATE DEFINITION	COURSEWORK REQUIREMENT	COURSE NUMBER	COURSE TITLE	QTR CREDITS	CLOCK HOURS	NOTES
a. Assessment Training	Education on the comprehensive process of collecting pertinent data about patients or patient systems and their environment and appraising the data as a basis for making decisions regarding substance use disorder diagnosis and treatment or referral. The education shall consist of culturally inclusive studies in understanding addiction, psychopharmacology, recognition and differentiation of co-occurring medical and psychological disorders, clinical evaluation and treatment planning.	60 Hours	ADD5106	Assessment of Addiction	4	40	Whole Course
			ADD5107	Principles of Integrated Addiction and Mental Health Treatment	4	20	Units 1, 4, 5, 7, 10 Course also used in content areas: B, C, E
b. Counseling Training	Education which includes the study of fundamental theories, principles and techniques of substance use disorder counseling to facilitate the progress of diverse patients toward mutually determined treatment goals and objectives using culturally sensitive modalities. Counseling education shall include studies of understanding addiction, recognized treatment theory and practice, the recovery process, effective strategies for meeting the counseling needs of diverse patients, crisis management skills, and treatment of co-occurring medical and psychological disorders.	60 Hours	ADD5107	Principles of Integrated Addiction and Mental Health Treatment	*	4	Unit 9 Course also used in content areas: A, C, E
			ADD5258	Group Therapy in Addiction Treatment	4	40	Whole Course
			ADD5336	Implications of Addiction Treatment with Diverse Populations	4	4	Units 2, 6 (2 hours each unit) Course also used in content area: D
			ADD-R5941	Addiction Studies Residency	4	12	Whole Course Course also used in content area: G
c. Case Management	Education on culturally appropriate administrative, clinical, and evaluative activities included in the process of coordinating and prioritizing patient treatment goals and working with the patient and significant others, as well as other services, agencies and resources to achieve those treatment goals. The education shall include studies in implementing treatment plans including continuing assessment, the referral process, service coordination, including for co-occurring medical and psychological disorders, record management and documentation and utilizing the written client record to guide and monitor services to reach measurable goals and objectives.	60 Hours	ADD5107	Principles of Integrated Addiction and Mental Health Treatment	*	12	Units 2, 6, 8 Course also used in content areas: A, B, E
			ADD5217	Ethical and Legal issues in Addiction Treatment	*	12	Units 3, 4, 5 Course also used in content areas: E, F
			ADD5260	Theories and Models for the Addiction Treatment	4	4	Unit 10
			ADD5261	Treatment Interventions for Substance-Related and Addictive Disorders	*	8	Units 7, 10
			ADD5264	Foundations and Current Issues in Addiction Treatment	4	12	Units 2, 4, 9, Final Project (unit also used in content area: D) Course also used in content area: D
			ADD6431	Addiction Studies Internship	4	8	Units 4, 6 Course also used in content area: G
d. Patient Education	Education about the process of providing patients, groups, families, couples, significant others, and communities with information on risks related to substance use, the processes of dependence including signs, symptoms and behavior patterns, and available resources for prevention, treatment, and recovery in culturally relevant ways. The education shall include studies in understanding addiction, the classification and basic pharmacology of drugs, basic physiology and the effects of drug use on the human body and patient, learning styles and teaching methods, delivery of educational programs, health and behavior problems related to substance use including transmission and prevention of HIV/AIDS, tuberculosis, sexually transmitted infections, and other infectious diseases, and basic life skills such as stress management, communication, and assertiveness.	60 Hours	ADD5004	Survey of Research in Human Development for Addiction Professionals	4	4	Unit 10
			ADD5264	Foundations and Current Issues in Addiction Treatment	*	4	Unit 4 (unit also used in content area: C) Course also used in content area: C
			ADD5336	Implications of Addiction Treatment with Diverse Populations	*	32	Unit 9 Course also used in content area: B
			ADD5261	Treatment Interventions for Substance-Related and Addictive Disorders	4	32	Whole Course
e. Professional Responsibility	Education which addresses standards of conduct or professional behavior expectations for counselors, supervisors and prevention workers. Professional behavior areas to be studied shall include, at a minimum, legal issues specific to substance use disorder professional practice, patient welfare as a primary concern, responsibility for professional competence and professional development, participation in ongoing supervision and consultation, counselor values and self-care, relationships with other professionals and institutions and the establishment of limits and boundaries in the patient relationship. This education shall also address the impact of specific cultural, ethnic and racial influences and expectations.	60 Hours	ADD5217	Ethical and Legal issues in Addiction Treatment	4	20	Course also used in content areas: C, F
